

BOMAX ENGINEERING INC.

**BM-JIC-16A****BMJIC-16B**

- * **Heavy duty design**
- * **Cut both concrete, asphalt and/or both at same time**
- * **Cast iron blades shaft base guarantee the blades life**
- * **Self-clean blades holder**
- * **Chain wheel/handle bar drive way option**
- * **Excellent straight drive for exact cutting**
- * **12'-20' blades size option**
- * **Suitable for 13-21HP engine**
- * **39L water tank equipped**
- * **Cast iron heavy duty wheel**

Model	BM-JIC-16A	BM-JIC-16B
Drive way	Chain wheel	Handle bar
Size:	1210X610X1020	
weight	150KG	
Blades	Diameter	12'-18'
	Thickness	2.5/3.2mm
	Hold Bore	27mm
Max. Cutting Depth	120-180mm	
Water Tank Capacity	39L	
Engine	13-21HP Gasoline Engine
